

A close-up photograph of several tall, slender stems of purple lupine flowers. The flowers are small, pea-like, and arranged in dense, upright racemes. The color of the flowers ranges from a deep, rich purple to a lighter, almost blue-purple hue. The background is a soft, out-of-focus green, suggesting a field or garden setting. The lighting is bright and even, highlighting the texture of the petals and the structure of the flower clusters.

Hebrews 11:13 These all died in faith, not having received the promises, but having seen them afar off, and were persuaded of them, and embraced them, and confessed that they were strangers and pilgrims on the earth.
