

A close-up photograph of a field of green plants. The plants have long, narrow leaves and several bright orange flowers in various stages of bloom. Some flowers are fully open, while others are still buds. There are also some small purple flowers scattered throughout the greenery. The background is a soft-focus field of similar plants.

Jeremiah 15:18 Why is my pain
perpetual, and my wound
incurable, which refuseth to be
healed? wilt thou be altogether
unto me as a liar, and as waters
that fail?
