

A vibrant, long-exposure photograph of a waterfall cascading over moss-covered rocks in a dense forest. The water is blurred into white streaks, creating a sense of motion. Large, dark logs are scattered throughout the scene, some partially submerged in the water. The surrounding vegetation is lush and green, with sunlight filtering through the trees, creating a dappled light effect on the rocks and water.

2nd Peter 03:12 Looking for and
hasting unto the coming of the day
of God, wherein the heavens being
on fire shall be dissolved, and the
elements shall melt with fervent
heat?
