

**Luke 05:18 And, behold, men brought in a bed a man which was taken with a palsy: and they sought means to bring him in, and to lay him before him.**

A vibrant orange butterfly is perched on a cluster of bright pink flowers. The butterfly's wings are a rich, warm orange with subtle patterns. The flowers are small and numerous, creating a dense, textured appearance. The background is filled with more pink flowers and green foliage, all softly blurred, creating a shallow depth of field. The overall scene is bright and colorful, with natural lighting.
